## **DEAR APPLICANT LETTER**

---

Dear Applicant:

The Secretary invites applications for new awards for fiscal year (FY) 2014 under the Research Fellowships program (84.133F-1), also known as the Mary E. Switzer Research Fellowship, authorized under the Rehabilitation Act of 1973, as amended, to carry out either research or development activities. Prior to completing the grant application, please review the Federal Register Notice included in this application package (Section B).

Only individuals are eligible to apply for Switzer Research Fellowships. Institutions of Higher Education (IHE) and other organizational entities may not submit applications either for themselves or for individuals. The person who seeks the fellowship must sign all the forms, and not a representative of an organizational entity with which the person is affiliated.

For Switzer Research Fellowships, NIDRR wishes to receive applications from qualified individuals, including those with disabilities, whose areas of interest reflect the breadth of NIDRR's research agenda across the primary outcomes domains of individual well-being: Community Living and Participation, Employment, and Health and Function.

The project narrative section of applications for the Switzer Research Fellowship Program must be no longer than 24 double-spaced pages. This page limit does not include the abstract, forms, bibliography, eligibility statement, resume/curriculum vitae, letters of recommendation/support, and information on the protection of human subjects, if applicable. The project narrative must address the selection criteria included in this application package (Section C). To facilitate the peer review process, the project narrative should address the criteria in the order presented. Each application must include a one-page abstract. The abstract is a critical component of the application. It should highlight the purpose and importance of the proposed project; the target population to be studied and the intended beneficiaries of the proposed research, if different from the study population; the planned goals and objectives; research methods to be utilized; anticipated project outcomes; and dissemination strategies. The application must also include an eligibility statement, resume/curriculum vitae, letters of recommendation and support, and information on human subjects protection (if applicable). Letters of recommendation and support must be included in the application and not sent directly to NIDRR. No budget is required. (See Section F: "What should be included in the application")

All submissions must be in Portable Document Format (PDF). Files in any other type of format or files that are password-protected will not be reviewed.

## **APPLICATION PROCEDURES**

---

This application package contains the information required for applying for a FY 2014 Switzer Research Fellowships award, including the published Federal Register notice **dated February 13, 2014**, the selection criteria and any special considerations for funding, if applicable, and a listing of required forms and assurances (see Section H). The required forms for submitting an electronic application are available in the

Application Package on [www.Grants.gov](http://www.Grants.gov). Potential applicants for Switzer Research Fellowships are advised to read the materials carefully, particularly the information on how to prepare an application, the protection of human subjects, required formatting, instructions for submitting, and the selection criteria (Section C) used by the reviewers to evaluate each application.

Potential applicants who are non-U.S. residents or who receive certain federal and state benefits are cautioned that acceptance of a Switzer Research Fellowship may adversely affect their immigration or non-immigrant visa status or their eligibility for services such as In-Home Supportive Services under Supplemental Security Income Section 1619. This has occurred in the past because Switzer Research Fellowships are awarded directly to individuals rather than host institutions, which can affect determinations of employment and income status. Also, a U.S. Social Security Number (SSN) is required for completing and submitting the application materials. Switzer applicants from other countries may be able to obtain a U.S. SSN through the following web site:

<http://www.ssa.gov/pubs/EN-05-10096.pdf>

Applications for Switzer Research Fellowships must be submitted electronically through the Grants.gov system, [www.grants.gov](http://www.grants.gov), unless you receive an exemption (See Sections B and E). Applications for a Switzer Research Fellowship are to be uploaded in Grants.gov in the following three section headings:

- (1) ED Abstract Form;
- (2) Project Narrative Attachment Form;
- (3) Other Narrative Attachment Form; resume/curriculum vitae; letters of recommendation/support; protection of human subjects form, if applicable; and any other attachments

Grants.gov may impose a limit that only one document can be uploaded in each of the above sections. If you have multiple documents for a section, you may need to combine them into one PDF document before they are uploaded. There is also a file-size limitation to your application, and you will receive an error message from Grants.gov if you exceed the limit.

Electronic copies must be fully uploaded to the Grants.gov site by 4:30:00 pm, Washington DC time on the closing date **April 14, 2014**. The uploading process may take up to several hours. If there is a submission error, you will need additional time to correct the error and resubmit. Please allow at least several hours or a full day to submit your application.

## **PROGRAM RULES**

---

Switzer Research Fellowship grants are subject to the requirements of Education Department General Administrative Regulations (EDGAR), 34 CFR Part 77, 82, 84, and 85, which set forth general rules affecting the submittal, review, grant award, and post-award administration for Department of Education grant programs.

Section 204 authorizes research, demonstration projects, training, and related activities, the purposes of which are to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency, of individuals with disabilities, especially individuals with the most significant disabilities, and to improve the effectiveness of services authorized under the Act.

Note: An applicant should consult NIDRR's Long-Range Plan for Fiscal Years 2013-2017 (78 FR 20299) (the Plan) when preparing its application. The Plan is organized around the following outcome domains: (1) community living and participation; (2) health and function; and (3) employment and can be accessed on the Internet at the following site:

[www.ed.gov/about/offices/list/ose/nidrr/policy.html](http://www.ed.gov/about/offices/list/ose/nidrr/policy.html)

The Research Fellowships Program permits two types of fellowships, Distinguished and Merit. At this time, NIDRR is choosing to fund Merit Fellowships. Under the Merit Fellowship

competition, we are particularly interested in applications that address the following priority.

Invitational Priority: For FY 2014, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

The Secretary is particularly interested in applications from eligible applicants who are individuals with disabilities.

Program Authority: 29 U.S.C. 762(e).

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR 75.60 and 75.61, and parts 77, 81, 82, 84, and 97. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough

time to complete the grant process if Congress appropriates funds for this program.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2015 from the list of approved but unfunded applicants from this competition.

## 2. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this competition.

Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative to the equivalent of no more than 24 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative. You are not required to double space titles, headings, footnotes, references, captions, or text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The page limit for the application narrative does not apply to the documents you upload to the Grants.gov Apply site under the other two headings: ED Project Abstract and Other Attachments. The ED Project Abstract Form should contain only your one-page abstract. The Other Attachments Form should contain all other attachments, including your bibliography, eligibility statement, resume/curriculum vitae, and letters of recommendation/support. Information regarding the protection of human subjects, if applicable, should be included under the Other Attachments Form or in the place provided on the SF-424 Supplemental Form. You do not need to upload a table of contents for your application, as this will be automatically generated by Grants.gov.

We will reject your application if you exceed the page limit.

In concert with the balance principle described in NIDRR's Long-Range Plan, for Fiscal Years 2013-2017 (78 FR 20299), applicants for Merit Fellowships should specify in their abstract and application narrative which of NIDRR's major domains of individual well-being their research will focus on:

(a) community living and participation, (b) employment, or (c) health and function. Although applicants may propose projects that address more than one domain, they should select the applicable competition based on the primary domain addressed in their proposed project.

3. Submission Dates and Times:

Applications Available: February 13, 2014.

Date of Pre-Application Meeting: Interested parties are invited to participate in a pre-application meeting and to receive information and technical assistance through individual consultation with NIDRR staff. The pre-application meeting will be held on March 6, 2014. Interested parties may participate in this meeting by conference call with NIDRR staff from the Office of Special Education and Rehabilitative Services between 1:00 p.m. and 3:00 p.m., Washington, DC time. NIDRR staff also will be available from 3:30 p.m. to 4:30 p.m., Washington, DC time, on the same day, by telephone, to provide information and technical assistance through individual consultation. For further information or to make arrangements to participate in the meeting via conference call or to arrange for an individual consultation, contact the person listed under For Further Information Contact in section VII of this notice.

Deadline for Transmittal of Applications: April 14, 2014.

Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This competition is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: Applicants are not required to submit a budget with their proposal.

The Merit Fellowship awards are one Full Time Equivalent (FTE) award. Fellows must work principally on the fellowship

during the term of the fellowship award. We define "one FTE" as equal to 40 hours per week. No fellow is allowed to be a direct recipient of Federal government grant funds in addition to those provided by the Merit Fellowship grant (during the duration of the fellowship award performance period). Fellows may, subject to compliance with their institution's policy on additional employment, work on a Federal grant that has been awarded to the fellow's institution. Merit Fellows may be allowed to dedicate additional hours beyond their one FTE requirement for the fellowship to other work during their fellowship grant performance period, if this is in keeping with the guidelines offered by their home institutions. In other words, NIDRR defers to the guidelines of the fellows' home institutions regarding the admissibility of work in excess of the one FTE dedicated to the fellowship. NIDRR strongly recommends that any additional hours be limited to .25 FTE (or 10 hours per week), but requires that additional hours not exceed .5 FTE (or 20 hours per week).

To satisfy the requirement that fellows devote one FTE to the fellowship work, applicants must include in their Eligibility Statement a plan for how they will fulfill the obligation to work principally on the fellowship during the term of the fellowship award. We will reject your application if you fail to include such a plan in your Eligibility Statement.

We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Requirements for Registering for Grants.gov and Submitting Your Application:

All individuals applying for a research fellowship must register at [www.Grants.gov](http://www.Grants.gov) prior to submitting their application. To register with Grants.gov you must know the Funding Opportunity Number (FON) of the grant opportunity you are applying for. You can obtain this number by searching Grants.gov using the CFDA number, 84.133. This search will lead you to available NIDRR solicitations and identify the FON for each. You will use the FON to register in Grants.gov. Once you register with Grants.gov, to facilitate the safe and secure transfer of your application to the Department, you will be asked to create a profile with your username and password, which will be used to identify you within the system, and create an electronic signature. Details on registering with Grants.gov as an individual are outlined in the following Grants.gov tutorial:

[www.grants.gov/assets/IndividualRegistrationOverview.html](http://www.grants.gov/assets/IndividualRegistrationOverview.html).

To register with Grants.gov, you do not have to provide a Data Universal Numbering System Number, a Taxpayer Identification Number, or your Social Security Number (SSN). You also do not have to complete a Central Contractor Registry or System for Award

Management registration in order to access Grants.gov or submit your application.

However, your SSN is required to complete your application for a research fellowship.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Research Fellowships Program, CFDA Number 84.133F-1, must be submitted electronically using the Governmentwide Grants.gov Apply site at [www.Grants.gov](http://www.Grants.gov). Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks

before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Research Fellowships Program at [www.Grants.gov](http://www.Grants.gov). You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.133, not 84.133F).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the

Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- To ensure that you submit your application in a timely manner to the Grants.gov system, you should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at [www.G5.gov](http://www.G5.gov). In addition, for specific guidance and procedures for submitting an application through Grants.gov, please refer to the Grants.gov Web site at:

[www.grants.gov/web/grants/applicants/apply-for-grants.html](http://www.grants.gov/web/grants/applicants/apply-for-grants.html).

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Additional, detailed information on how to attach files is in the application instructions.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. This notification indicates receipt by Grants.gov only, not receipt by the Department. Grants.gov will also notify you automatically by email if your application met all the Grants.gov validation requirements or if there were any errors. You will be given an opportunity to correct any errors and

resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application and send you an email with a unique PR/Award number for your application.

These emails do not mean that your application is without any disqualifying errors. It is your responsibility to ensure that your submitted application has met all of the of the Department's requirements, including submitting only PDF documents, as prescribed in this notice and in the application instructions.

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the

following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Patricia Barrett, U.S. Department of Education, 400 Maryland Avenue, SW., room 5142, Potomac Center Plaza (PCP), Washington, DC 20202-2700. FAX: (202) 245-7323.

If your application is postmarked after the application deadline date, we will not consider your application.

#### V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 356.30 through 356.32 and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary

grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

## VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email

containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information

as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

4. Performance Measures: To evaluate the overall success of its research program, NIDRR assesses the quality of its funded projects through a review of grantee performance and products. Each year, NIDRR examines a portion of its grantees to determine the extent to which grantees are conducting high-quality research and related activities that lead to high-quality products. Performance measures for the Research Fellowships Program include--:

- The number of NIDRR-supported fellows, post-doctoral trainees, and doctoral students who publish results of NIDRR-sponsored research in refereed journals;
- The percentage of grantee research and development that has appropriate study design, meets rigorous standards of scientific and/or engineering methods, and builds on and contributes to knowledge in the field; and
- The average number of publications per award based on NIDRR-funded research and development activities in refereed journals.

NIDRR evaluates the overall success of individual research and development grants through a review of grantee performance

and products. For these reviews, NIDRR uses information submitted by grantees as part of their final performance report. Approved final performance report guidelines require grantees to submit information regarding research methods, results, outputs, and outcomes. Because grants made under the Research Fellowships Program are limited to a maximum of 12 months, they are not eligible for continuation awards.

## **PROTECTION OF HUMAN SUBJECTS**

## PROTECTION OF HUMAN SUBJECTS

---

Research activities involving human subjects supported by awards under these programs are subject to Department of Education Regulations for the Protection of Human Subjects.

If you are applying on Grants.gov there is a separate place to include exempt and non-exempt narratives.

Applicants answering "Yes" to item 3 on form ED Supplemental to the SF 424 on Grants.gov or item 13 on form ED 424 whose research activities are nonexempt must complete the seven-point narrative on protection of human subjects. Additionally, seven point narratives are required for each participating partner if research is being conducted at other sites.

Copies of the Department of Education regulations for the Protection of Human Subjects are available from the Grants Policy and Oversight Staff (GPOS), Office of the Chief Financial Officer, Washington, D.C., telephone: (202) 245-6154 and on the Protection of Human Subjects in research Web site at:

**TIPS FOR APPLICANTS**

# IMPORTANT – PLEASE READ FIRST

## U.S. Department of Education

### Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission information and procedures you need to know to ensure your application is received in a timely manner and accepted by the Department of Education.

- 1. ADOBE FORMS AND PDF FILES REQUIRED.** Applications submitted to Grants.gov for the Department of Education are posted on Adobe forms that require applicants to use Adobe Reader version 10.1.14 or higher. (In early 2013, Grants.gov discovered an issue with the newest version of Adobe Reader XI, but it was subsequently resolved.) Information on computer and operating system compatibility with Adobe and links to download the latest version of Adobe Reader are available on Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on [www.Grants.gov](http://www.Grants.gov) before completing and submitting your application. Also, applicants are required to upload their attachments in .pdf format only. Applicants should allow extra time to ensure resolution of compatibility issues. (See details below under “Attaching Files – Additional Tips.”) If you have questions regarding this matter please email the Grants.gov Contact Center at [support@grants.gov](mailto:support@grants.gov) or call 1-800-518-4726.
- 2. REGISTER EARLY.** Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all the registration steps are complete. Details on registering with Grants.gov as an individual are located at Grants.gov (<http://www.grants.gov/web/grants/applicants/individual-registration.html#>).

Note: To register with Grants.gov you must know the Funding Opportunity Number (FON) of the Grant opportunity you are applying for. This number is available on the Research Fellowships Program Notice Inviting Applications for new awards for fiscal year (FY) 2014. Once you register with [www.Grants.gov](http://www.Grants.gov) using the FON, you will be asked to create a profile with your username and password, which will be used to identify you within the system and create an electronic signature to have your grant application forwarded to the appropriate government agency safely and securely. To register with Grants.gov you do not have to provide a Data Universal Numbering System Number (DUNS), a Taxpayer Identification Number (TIN) or your Social Security Number. You also do not have to complete a CCR registration in order to access Grants.gov or submit your application. However, your Social Security Number is required to complete the application process.

3. **SUBMIT EARLY.** We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection; the time it takes Grants.gov to process applications varies, as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.
4. **VERIFY SUBMISSION IS OK.** You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received must be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. This notification indicates receipt by Grants.gov only, not receipt by the Department. Grants.gov will also notify you automatically by email if your application met all the Grants.gov validation requirements or if there were any errors. You will be given an opportunity to correct any errors and resubmit, but you must still meet the deadline for submission of applications.

Once your application is successfully validated by Grants.gov, the Department will retrieve your application and send you an email with a unique PR/Award number for your application.

These emails do not mean that your application is without any disqualifying errors. It is your responsibility to ensure that your submitted application has met all of the of the Department's requirements, including submitting only PDF documents, as prescribed in this notice and in the application instructions.

Note: Please do not rely solely on automatic e-mail notifications from Grants.gov or the Department to confirm whether your application is correctly uploaded and without disqualifying errors. Assuring that your application was uploaded correctly in PDF and contains all the required forms and information described in the NIA is your responsibility.

---

### **SUBMISSION PROBLEMS – WHAT SHOULD YOU DO?**

---

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or

<http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

You must submit an electronic application before 4:30:00 p.m. Eastern Standard Time, on the due date, unless you qualify for one of the exceptions to the electronic submission requirement, follow the procedures in the Federal Register notice to obtain authorization to submit a paper copy, and submit, **no later than two weeks before the application deadline date**, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

---

## HELPFUL HINTS WHEN WORKING WITH GRANTS.GOV

---

Once you download an application form from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer so you do not lose your work. You will need to logon to Grants.gov to upload and submit the application.

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov website <http://www.grants.gov/web/grants/applicants/applicant-resources.html>.

---

## DIAL-UP INTERNET CONNECTIONS

---

Using a dial up connection to upload and submit your application can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

---

## MAC USERS

---

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

## Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **include only read-only, non-modifiable .PDF files** in their application.

1. Ensure that all attachments to your application are **.PDF files** that are in a **read-only, non-modifiable format**. PDF files are the only Department of Education-approved file type accepted, as specified in the Federal Register application notice. Also, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or interactive or fillable .PDF files. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources:  
<http://www.grants.gov/web/grants/support/technical-support/software/pdf-conversion-software.html>.
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must have less than 50 characters in the file name and contain no spaces, special characters (example: -, &, \*, %, /, #, \), periods (.), blank spaces, or accent marks (!). Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department of Education for review.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB.

**Section F**

**FREQUENTLY ASKED QUESTIONS  
AND  
POINTS TO REMEMBER IN  
APPLICATION PREPARATION**

## FREQUENTLY ASKED QUESTIONS

---

### **1. CAN I GET AN EXTENSION OF THE DUE DATE?**

---

In the case of most competitions the answer is no. On rare occasions the Department of Education may extend a closing date for all applicants in a given competition. If that occurs, a notice of the revised due date is published in the Federal Register and this extension applies to all applications in that competition. There are no extensions or exceptions to the due date made for individual applicants. (However, there are provisions for extensions due to technical difficulties in the Grants.gov system, per the guidance included in the Notice Inviting Applications (See Section B.)

### **2. WHAT TOPICAL AREAS SHOULD APPLICATIONS FOCUS ON AND WHAT SHOULD BE INCLUDED IN THE APPLICATION?**

---

NIDRR is interested in attracting applications for Switzer Research Fellowships from qualified individuals, including those who are individuals with disabilities that reflect the breadth of NIDRR's research agenda across the primary domains of individual well-being: Community Living and Participation, Employment, and Health and Function. In concert with the balance principle described in NIDRR's Long-Range Plan, applicants for Switzer Research Fellowships must specify in their abstract and project narrative which of NIDRR's major domains of individual well-being their research will focus on: (a) community living and participation, (b) employment, or (c) health and function. NIDRR will seek to fund Merit Fellowship applications under each of these domains, but there will be no quota for the number of applications per domain

The application should contain all required forms specified in this package (see Section H) as well as a project abstract, a project narrative, bibliography, an eligibility statement, a resume/curriculum vitae, letters of recommendation/support, and information on the protection of human subjects (if applicable). The abstract should highlight the purpose, target population to be served during the project period, planned goals and objectives, research methods to be utilized, project outcomes, and dissemination. The eligibility statement should describe the applicant's qualifications for the Switzer Research Fellowship described in the NIA and include a plan for how the applicant will fulfill the requirement to work one FTE on the fellowship during the project period. It is helpful to highlight evidence of the applicant's training and experience regarding any specialized research methods or data analytic techniques relevant to the proposed study. The curriculum vitae should include, but need not be limited to, information that is specifically pertinent to this proposed project and research experience. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application.

We recommend against including voluminous appendices with your application. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant. Appendices that are too large cannot be mailed to the reviewers.

### **3. WHAT FORMAT SHOULD BE USED FOR THE APPLICATION?**

---

NIDRR generally advises applicants to organize the application to follow the selection criteria that will be used. The project narrative should address the specific selection criteria for the competition (see Section C). Additionally, applicants should provide clearly stated goals, hypotheses or research questions, expected outcomes, and identify the public benefit of the research or development project. The application should be organized to provide a thorough description of the methods and target population(s) and supported by evidence of need for the project, as identified in the relevant literature; citations are useful and may strengthen the proposal. Specific information on the format can be found in the application format section of this application package.

### **4. IS A D-U-N-S NUMBER, TIN OR CCR REQUIRED TO REGISTER FOR GRANTS.GOV OR SUBMIT YOUR APPLICATION?**

---

For this grant program, all you need to register with Grants.gov is the Funding Opportunity Number (FON) of the Grant opportunity you are applying for. This number is available on the Research Fellowships Program Notice Inviting Applications for new awards for fiscal year (FY) 2014. To submit your application on Grants.gov, you must provide your Social Security Number. A Data Universal Numbering System (D-U-N-S) number, Tax Identification Number (TIN) and Central Contracting Registry (CCR) are no longer required to register with Grants.gov or submit applications for this grant program.

### **5. ARE THERE PAGE LIMITS TO MY APPLICATION?**

---

For the Switzer Research Fellowships Program there is a restriction on the number of pages in the project narrative. Applicants must include all of their material for the project narrative within 24 double-spaced pages. This page limit does not include the required forms, abstract, bibliography, eligibility statement, resume/curriculum vitae, letters of recommendation/support, and information on the protection of human subjects. Applications too large to be handled by Grants.gov will be rejected.

### **6. DO I NEED AN ABSTRACT AND WHAT SHOULD IT INCLUDE?**

---

A one-page abstract is required and is used by both the peer reviewers and the program staff in the review and processing of the application. The abstract should

be a comprehensive description of the project, but should not include description of the competency of the institution or project director. It is not an executive summary. The abstract should highlight the purpose and importance of the proposed project; the target population to be studied and the intended beneficiaries of the proposed research, if different from the study population; planned goals and objectives; research methods to be utilized; anticipated project outcomes; and dissemination strategies. It can be single or double-spaced. If applying through Grants.gov, upload this document under the ED Abstract Form attachment.

## **7. CAN INDIVIDUALS APPLY FOR GRANTS?**

---

The Switzer Research Fellowships program (84.133F) is the only NIDRR funding program that is available only to individuals. Note that for Research Fellowships, the applicant is the legal name, the project director and the authorized representative on all forms. No IHE or institutional representatives should sign these forms. The individual must sign all of the forms. The individual will be disqualified if an institution applies or an institutional representative signs the forms for the application.

Potential applicants who are non-U.S. residents or who receive certain federal and state benefits are cautioned that acceptance of a Switzer Research Fellowship may adversely affect their immigration or non-immigrant visa status or their eligibility for services such as In-Home Supportive Services under Supplemental Security Income Section 1619. This has occurred in the past because Switzer Research Fellowships are awarded directly to individuals and not to host institutions, which can affect determinations of employment and income status. Applicants must have a U.S. Social Security Number.

## **8. CAN NIDRR STAFF ADVISE ME WHETHER MY PROJECT IS OF INTEREST TO NIDRR OR LIKELY TO BE FUNDED?**

---

NIDRR staff can advise you only regarding the requirements of the program in which you propose to submit your application. NIDRR staff cannot advise you regarding the likelihood of whether your subject area or proposed approach will be scored favorably by the peer reviewers.

## **9. HOW DO I ENSURE THAT MY APPLICATION WILL BE REVIEWED UNDER THE CORRECT COMPETITION?**

---

Applicants should ensure that their application is referred to the correct competition by clearly including the title of the funding program, (Research Fellowships Program) and CFDA number of the specific competition within this program including the alphabetical code (e.g., 84.133F-1), on the Standard Form 424. Applicants should also use a project title that describes their proposed project.

---

**10. WHAT START DATE SHOULD I USE ON MY APPLICATION?**

---

The start date for NIDRR Research Fellowships is October 1.

---

**11. HOW SOON AFTER SUBMITTING MY APPLICATION CAN I FIND OUT IF IT WILL BE FUNDED?**

---

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR endeavors to have awards made within six to seven months of the closing date. Unsuccessful applicants generally will be notified within that time frame as well. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. The results of the peer review cannot be released except through this formal notification. This information is not posted on the NIDRR homepage or the Grants.gov website.

---

**12. WILL ALL APPROVED APPLICATIONS BE FUNDED?**

---

No. Peer review panels can result in more applications being determined to be worthy of consideration for funding than available resources allow. Unsuccessful applicants are encouraged to consider resubmitting applications in future competitions. Funded applications will be notified in the manner described in #11.

---

**13. WHAT DO I NEED TO DO ABOUT HUMAN SUBJECTS PROTECTION IN MY RESEARCH?**

---

If you are planning research involving human subjects at any time during the project period, check “Yes” in the Human Subjects section of the 424 form. If you checked “Yes,” you need to indicate whether the research is exempt or not exempt from the protection of human subjects requirements of EDGAR part 97 and if you have an IRB number. You will need to fill out the human subjects narrative for each site where the research is being conducted. The program and the Department’s human subjects staff review the applicant’s response against the application itself to determine its accuracy. They contact you for additional information or clarification, if needed. More information can be found in the instructions for the SF 424 form and in this application package in the Human Subjects section.

---

**14. SHOULD I SUBMIT MY APPLICATION VIA Grants.gov?**

---

Yes. The Notice Inviting Applications (NIA) provides information on how to submit via Grants.gov and the application package includes helpful tips. The NIA also identifies conditions under which paper submission is allowed. If you do submit by paper, include a disk copy of your application.

**We strongly suggest that you:**

- (1) Read the Grants.gov instructions carefully;
- (2) Do not wait to set up your account because it can take up to a week to register;

- (3) Review the form sections in Grants.gov before submitting your application to ensure you upload all information correctly and completely; and
- (4) Submit early. Electronic applications must be uploaded on Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date and processed by Grants.gov successfully.

Please allow at least several hours or a full day to upload your application. If there is a submission error; you will need time to correct the error and resubmit to meet the deadline. Applications received/logged in after 4:30:00 pm (Washington, D.C. time) of the day the application is due will not be reviewed.

#### **15. MAY I ENGAGE IN ADDITIONAL WORK DURING MY GRANT PERFORMANCE PERIOD IF I AM AWARDED A RESEARCH FELLOWSHIP?**

---

Fellows must work principally on their Fellowship activities. Fellows may be allowed to dedicate additional hours (beyond their 1FTE commitment to the Fellowship) to other work during their Fellowship grant performance period if this is in keeping with the guidelines offered by their home institutions. In other words, NIDRR defers to the guidelines of the Fellows' home institutions regarding the admissibility of work in excess of the 1 FTE dedicated to the Fellowship. NIDRR strongly suggests that any additional hours be limited to .25FTE (or 10 hours per week), but requires that additional hours be limited to .5FTE (or 20 hours per week).

#### **16. MAY NIDRR RESEARCH FELLOWS RECEIVE FEDERAL FUNDING FROM OTHER SOURCES DURING THEIR FELLOWSHIP?**

---

Fellows are not allowed to be a direct recipient of Federal government grant funds in addition to those provided by the Switzer Fellowships Program (during the duration of the fellowship award performance period). Fellows may, subject to compliance with their institution's policy on additional employment, work on a Federal grant that has been awarded to the fellow's institution as long as they comply with the one FTE requirement of the Switzer Fellowships Program.

# POINTS TO REMEMBER IN APPLICATION PREPARATION

---

## RELEVANT TO PROGRAM

---

1. **CFDA Number:**  
In the title block on the 424 form, please note the appropriate CFDA 84.133F.
2. **Budget:**  
No budget is required for this program.
3. **Organize your narrative**  
in accordance with the selection criterion in SECTION C of this package. Address all criteria. If applying through Grants.gov, use the Project Narrative Attachments form to attach your narrative.
4. **Page number limitations:**  
There is a strict page limit. The narrative (Part III) must be limited to 24 pages, double-spaced. The page limit does not apply to the required forms; cover sheet, the assurances and certifications, the one-page abstract, the eligibility statement, the curriculum vitae, the bibliography, the letters of recommendation, or the information on the protection of human subjects.
5. **The applicant is the legal name, project director and the authorized representative on all forms.**  
No IHE or institution should sign these forms. The individual must sign all of the forms. The application will be disqualified if an institution other than yourself applies or signs the forms for the application.
6. **Letters of recommendation/support:**  
Letters of recommendation/support should be addressed to the applicant. The letters should attest to the candidate's ability to work creatively in scientific research. This might include (but not necessarily be limited to) the applicant's ability to conduct the quality and level of research that is proposed and the applicant's ability to complete the research independently with access to the proper resources. All letters of recommendation/support must be included in the application package and not sent separately to NIDRR. Any letters received separately from the application will not be forwarded to the reviewers. For electronic submission, attach letters under the Other Narrative Attachments form.
7. **Research Methods:**  
Applicants should clearly state the proposed research hypotheses and/or research questions and should adequately describe the proposed research methodologies and data analysis plan. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include them in the application.
8. **Project Period:**  
The project period for this grant program is one year (12 months).

**9. Grant Funds:**

Fellows are strongly encouraged to draw down grant funds in comparably sized monthly installments. NIDRR staff cannot provide tax advice. Please be clear in your recruitment strategies for underserved populations including students with disabilities.

**CLOSING DATE/TRANSMITTAL OF APPLICATION**

---

**10.** For applicants who qualify for and choose to submit a paper application, your application must be postmarked by the closing date if a waiver was granted on **April 14, 2014**. Follow the transmittal instructions for submitting. Please include an electronic copy (disk) with your application, if submitting by paper.

**11.** Electronic submissions must be **uploaded** on Grants.gov by 4:30:00 pm, Washington DC time on the closing date and then processed by Grants.gov successfully. For additional information on electronic submission procedures, see the Section B. **Do not send a copy of your application by email directly to the Department**

**12. LEGAL NAME:**

Provide your own legal name in Block #8. Please note the CFDA, 84.133, will automatically populate on Block #11 of the SF 424. Do not include any institutional information in any of the blocks.

**13. SSN/D-U-N-S and TIN:**

To complete and submit your application for a Switzer Fellowship in Grants.gov you must have a Social Security Number. A D-U-N-S- number and TIN are no longer required. ## **ABSTRACT/NARRATIVE/APPENDICES**

---

### **19. Abstract:**

The ONE-PAGE abstract should be a comprehensive description of the project, not an executive summary. It should highlight the purpose and importance of the problem to be addressed; the target population to be studied and the intended beneficiaries of the proposed research, if different from the study population; planned goals and objectives; research methods to be utilized; anticipated project outcomes; and dissemination strategies. It can be single or double-spaced. If applying through Grants.gov, use the ED Abstract form to attach your abstract.

### **20. Number all pages**

Numbering the pages makes it easier for the reader to refer to a page number if comments are given (including the appendices).

### **21. Eligibility Statement:**

Applicants are required to submit a brief eligibility statement describing their qualifications for the Fellowship and including a plan for how they will fulfill the requirement to work one FTE on the fellowship during the project period. It is helpful to highlight evidence of your training and experience regarding any specialized research methods or data analytic techniques relevant to the proposed study. This statement is not included in the 24-page limit for the project narrative. In Grants.gov, attach this statement under the Other Narrative Attachment Form.

### **22. Curriculum Vitae or Resume:**

A curriculum vitae must be included. If applying through Grants.gov attach the vitae under the Other Narrative Attachment Form.

## **GRANTS.GOV**

---

### **23. We strongly suggest that applicants:**

- (1) Read the instructions carefully;
- (2) Don't wait until close to the due date to set up your account as it can take up to a week to register;
- (3) Review the application before sending the final version to ensure that all information has been uploaded correctly and completely; and
- (4) Submit early.

**24. Electronic applications must be uploaded** on Grants.gov and validated by Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date. For additional information on electronic submission procedures, see the transmittal section of the Notice Inviting Applications (see Section B).

**25. The application information will be uploaded in three areas:**

- (1) ED Abstract Form;
- (2) Project Narrative Attachment Form; and
- (3) Other Narrative Attachment Form.

The ED Abstract Form is to be used for the abstract. The Project Narrative Attachment Form is to be used for the application narrative, which addresses the selection criteria and any special consideration noted under the selection criteria, if appropriate. This section must be limited to 24-pages, doubled spaced. (Pages dedicated to the bibliography are not included in the page limit.). The Other Narrative Attachment Form is to be used for the bibliography, eligibility statement, curriculum vitae, letters of recommendation/support, protection of human subjects information, if applicable, and any other appendices.

**MISCELLANEOUS INFORMATION AND REMINDERS**

---

**26. Rehabilitation Act:**

To find information on the Rehab Act of 1973, as amended, as well as other NIDRR policy & legislation, go to: [www.ed.gov/about/offices/list/osers/nidrr/policy.html](http://www.ed.gov/about/offices/list/osers/nidrr/policy.html) or [www.ed.gov/policy/speced/reg/narrative.html?exp=0](http://www.ed.gov/policy/speced/reg/narrative.html?exp=0)

**27. Help in Preparing Applications.**

NIDRR staff may not participate in the actual writing of an application. NIDRR staff may provide general program information to applicants and may respond to specific questions about application requirements, evaluation criteria, and announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.

**28. Possibility Of Learning The Outcome Of Review Panels Prior To Official Notification.**

Every year NIDRR is contacted by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions; some need to notify a partner, etc. Regardless of the reason, NIDRR cannot share information about the review with anyone until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone followed by a letter (if your application is recommended for funding), or through a letter (if your application is not successful).

**29. Return of Non-Funded Applications.**

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.

**30. Eligible Applicants.**

Fellowships are awarded to individuals who have either advanced professional training or independent research experience in an area which is directly pertinent to

disability and rehabilitation. For more information, see the Education Department regulations for eligibility in 34 CFR part 356.2.

**31. Examples of Successful Applications.**

To see Research Fellowship projects that NIDRR has funded or is currently funding, go to our online award directory at [www.naric.com](http://www.naric.com). Once there, scroll to middle of the page and under the heading “Search”, in the second bullet select “the Program Database”. Scroll down to “Project Type” and from the dropdown menu select “Fellowships” and then select “Search”. This will provide information about a large number of projects by NIDRR Fellows.

**32. Reporting Requirements.**

Successful fellowship applicants are required to submit both an annual performance report and a final performance report. The annual performance report (APR) must be submitted by July 1 of the project period, and the final report is submitted 90 days after the end of the project period. Both the APR and Final Report are standardized forms that are submitted electronically via a web-based system. This system is maintained by a contractor who notifies new grantees after receiving an award with the appropriate URL and personal password to access the system. The contractor also sends a letter to successful grantees informing them when and how to submit their annual and final performance reports. The annual and final reports require fellows to demonstrate and document progress in meeting approved project objectives and success in addressing the performance measures outlined in the Notice Inviting Applications. The final report differs from the APR in the inclusion of additional sections on Award Summary and Future Implications.

**33. NIDRR’s currently approved Long Range Plan** was published in the Federal Register on April 4, 2013 (78 FR 20299) and can be accessed at :

# INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

---

**1. Project Director.** Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (\*) are mandatory.

**2. Novice Applicant.** Check “Yes” if you meet the definition for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424”). By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the definition for novice applicants.

This novice applicant information will be used by ED to: 1) determine the amount and type of technical assistance that a novice might need, if funded, and 2) determine novice applicant eligibility in discretionary grant competitions that give special consideration to novice applications. Certain ED discretionary grant programs give special consideration to novice applications, either by establishing a special competition for novice applicants or by giving competitive preference to novice applicants under the procedures in 34 CFR 75.105(c)(2). If special consideration is being given to novice applications under a particular discretionary grant competition, the application notice for the competition published in the Federal Register will specify this information

**3. Human Subjects Research.** (See I. A. “Definitions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”)

**3a. If Not Human Subjects Research.** Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

**3a. If Human Subjects Research.** Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for U.S. Department of Education Supplemental Information for SF-424.”)

**3b. If Human Subjects Research is Exempt from the Human Subjects Regulations.** Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**3b. If Human Subjects Research is Not Exempt from Human Subjects Regulations.** Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**3b. Human Subjects Assurance Number.** If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. **(A list of current FWAs is available at: <http://ohrp.cit.nih.gov/search/asearch.asp#ASUR>)** If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the

designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

**3c.** If applicable, please attach your “Exempt Research” or “Nonexempt Research” narrative to your submission of the U.S Department of Education Supplemental Information for the SF-424 form as instructed in item II, “Instructions for Exempt and Nonexempt Human Subjects Research Narratives” in the attached page entitled “Definitions for U.S. Department of Education Supplemental Information for the SF-424.”

**Note about Institutional Review Board Approval.** ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

**No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.**

### NOVICE APPLICANT (SEE 34 CFR 75.225)

---

For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and

# PROTECTION OF HUMAN SUBJECTS IN RESEARCH

---

## I. DEFINITIONS AND EXEMPTIONS

### A. DEFINITIONS.

---

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

#### —RESEARCH

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

#### —HUMAN SUBJECT

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual, the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

### B. EXEMPTIONS.

---

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special

education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

***Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. ***[This exemption applies only to retrospective studies using data collected before the initiation of the research.]***

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. ***[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by HHS at the time the regulations were established. We will strictly construe this exemption because it was not intended to apply to ED research.]***

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

## **II. INSTRUCTIONS FOR EXEMPT AND NONEXEMPT HUMAN SUBJECTS RESEARCH NARRATIVES**

---

If the applicant marked “Yes” for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects “exempt research” or “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

### **A. EXEMPT RESEARCH NARRATIVE.**

---

If you marked “Yes” for item 3.b. and designated exemption numbers(s), attach the “exempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

### **B. NONEXEMPT RESEARCH NARRATIVE.**

---

If you marked “No” for item 3.b. you must attach the “nonexempt research” narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

- (1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable
- (2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

- (3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.
- (4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.
- (5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.
- (6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.
- (7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

# GENERAL EDUCATION PROVISIONS ACT (GEPA)

## REQUIREMENTS - SECTION 427

---

### NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

#### **To Whom Does This Provision Apply?**

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

#### **What Does This Provision Require?**

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct

description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

#### **What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?**

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. ## ELECTRONIC NOTIFICATION OPTION FOR GRANT AWARDS

---

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); **OR** we may send you an e-mail containing a link to access G5, the Department's Grant Management System. The email will be sent to both the project director and certifying representative in order for them to view and print the Adobe Acrobat version of the electronically signed GAN. If neither the project director nor certifying representative is registered in G5, they will immediately be prompted to register once the link is accessed. **The electronic signature and issuance of the GAN makes it crucial that your application include correct email addresses for both the project director and certifying representative.**
